

Title: EJB May 2016 ME1 Trip

Author: Eden Blyth

Date: 2016

A great day out on the Moors courtesy of Mick and his East Yorkshire Motor Services Moors Explorer. Many thanks! Great pity that the S&D 128 couldn't wait 5 minutes more to make that connection at Pickering, though, even though Mick had got in touch to say that he was running late. Must have spoiled a lot of people's days.

Anyway, once again, I'm most grateful to all involved with the ME1 to have given me a wonderful Blakey to Danby walk (fog bound though it was!), a ride on the lovely Esk Valley railway, fish and chips and a great pint of Strongarm in Whitby and a smoky ride home behind a spectacular old American steam loco on the North Yorkshire Moors Railway.
